Description

- A spatula designed for filling minor wall imperfections and applying plaster to small surfaces.
- Thanks to their elasticity, they also distribute pressure across the wall surface and guarantee a smooth finish.
- You can also use it to strip off old paint coats, and the metal end of the handle allows for striking, which allows for the removal of hard lumps and other irregularities.
- The product is made of stainless steel, allowing for work with water-based masses.
- The ergonomic handle made of plastic ensures comfort and safety.
- DRAUMET PREMIUM tools are designed for work in demanding conditions; the high quality of materials used in production guarantees a long tool life.
