Description

The DRAUMET D286-04 inflatable suction cup with a diameter of 200 mm and a load capacity of 130 kg is an indispensable tool for handling glass slabs, stoneware, ceramic tiles, sheet metal, etc.

Also useful in automotive and bodywork work. Equipped with a vacuum pump and pressure gauge, it ensures easy and precise vacuum control, which translates into work safety.

The suction cup body is made of durable ABS plastic, making it lightweight, durable, and resistant to damage. The soft handle guarantees comfort of use even during long-term use, and an additional cover for the working part of the suction cup protects it from damage during storage.

The practical transport case makes it easy to store and carry the tool.

Technical parameters:

- Diameter: 200 mm
- Load capacity: 130 kg
- Weight: 1.66 kg

Packaging:

- **Individual**: practical transport case (1 piece)
- **Collective**: carton (10 pieces)
