Description

- LED LIGHT RING - excellent lighting of the work area, which reveals imperfections of the processed surface
- Connecting the grinder to an industrial vacuum cleaner allows you to significantly reduce the spread of excavated material during operation
- The grinder is equipped with a boom that allows the operator to carry out grinding work within a range of up to 3 - 3.5 m
- The machine's movable head allows you to operate the boom on any wall, ceiling or floor surface.
- The use of appropriate sandpaper grit also allows you to remove paints or adhesives from plaster and metal surfaces.
- The sander has an anti-vibration system and a telescopic handle.
- The set includes: a connector, an Allen key, 6 pieces of sandpaper, a hose for connecting a vacuum cleaner.
